## About us

### Location

45 St Petersgate, Stockport, SK1 1DH

---

## What we do

Stockport TPA is here to provide a service to anyone that wants to make change happen in their lives.

This might be something like getting some advice or being given contact details, or it might be something that requires a bit more time, like working out a plan of how you want to overcome difficult or overwhelming things in your life that you think will help you to move on.

Our Vision is to empower people, connect communities and improve lives. This is what we are fundamentally trying to do.

We provide proactive and early support for anyone who is vulnerable due to their health, wellbeing or situation, with the aim of enabling and empowering you to work towards independence, whatever that may look like for you.

Its all about your:

- physical wellbeing
- financial wellbeing
- mental wellbeing
- connection to your community
- housing situation

Our Stockport town centre hub is open between 9:30am and 4:30pm Monday to Friday at 45 St Petersgate (opposite the Coop bank) or you can get in touch on **0161 474 1042** or [complete the contact form](#) on our website and someone will contact you.
